DETAILED ACTION

Specification

The Examiner acknowledges the replacement abstract filed 2/16/01 as it is found to be acceptable and has been entered.

Terminal Disclaimer

The terminal disclaimer alleged to have been filed on 7/24/02 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,290,720 has not been received. No terminal disclaimer has been recorded. Since the scope of the pending claims are different, the double patenting over the '720 patent alone has been withdrawn.

Drawings

The drawings filed on 10/25/99 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948 and the Examiner's concern of the claimed feature of "locking elements" on the claimed pattern stent coiled sheet presented in the drawing submitted 11/20/03 and then another replacement of 1/07/09. These have been found to be acceptable and entered. Thus, these edited corrections to Fig. 9 can be provided with the annotations as submitted in formal drawings. In order to avoid abandonment of this

application, correction is required in reply to the Office action. The correction will not be held in abeyance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jennifer Buss on 8/25/11.

The application has been amended as follows:

On page 13 of the specification, line 5, the phrase "Fig. 14" was deleted and replaced with ----Figs. 14A and 14B----.

On page 30 of the specification, line 7, ----Fig. 14B shows a variation of Fig. 14A--- has been added.

Allowable Subject Matter

Claims 29,30,55,56,59,60,62-64 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
